

MOFFAT

PINNACLE
ARCHITECTURAL LIGHTING®

A brand of  legrand

**CHROME ENDCAP
OPTION**

Pinnacle's MOFFAT illuminates a specific surface, highlights an exact point, and can even replace perimeter solutions for a feature wall.

Individual fixtures can be mounted and connected via the hub on the endcap to ensure a continuous look in a larger application.

Smart Solutions available.

PETITE & POWERFUL

The petite profile allows the fixture to blend in to any space, but up close, the housing has a simple curve detail to give it definition.

Mounting

Aircraft Cable

A clean, simple mounting solution for indoor applications.

Flush Mount

Positions the fixture about 3" out from the wall or ceiling.

Pendant Pipe

Available in 6", 12", 18" and 24" lengths.

Fixture Housing

Available in 2', 3', 4', 6', 8' standard lengths with integral driver.

Rotating Head

Field adjustable 360° to highlight a specific area as needed.

Visor

Specify for a more tailored beam angle.

Not pictured, see Spec Sheet for more information.

Louver

Specify for more glare control.

Not pictured, see Spec Sheet for more information.

DESIGNED FOR THE ELEMENTS

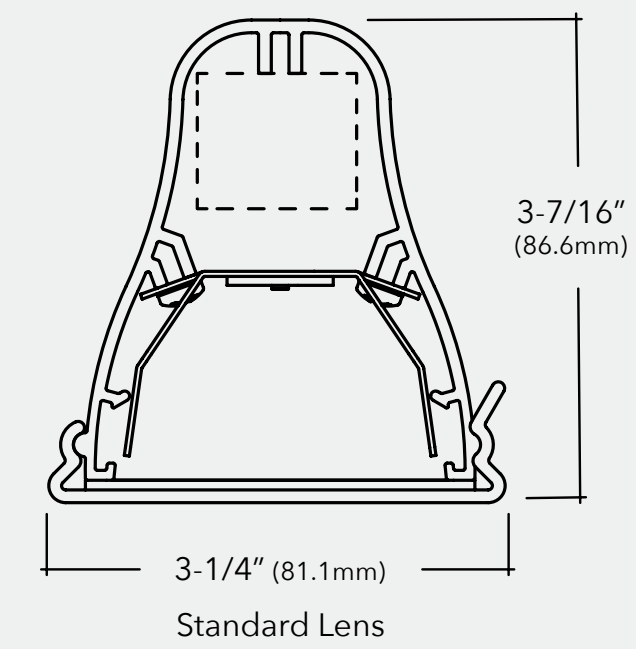

MOFFAT is also ideal for exterior applications. Ensure design continuity from inside to out when highlighting signage, artwork, retail displays, or a unique feature wall. A specific waterproof lens and gasket combination ensure a dry seal for a UL Wet Listing Certification.

Individual fixtures can be joined to create a continuous look for larger applications.

With a field rotatable function, MOFFAT is perfect for that ever-changing piece of artwork or a yet-to-be-defined design.
